

THE BEST MANAGEMENT BOOK by Ms. Marlene Legasi-Munar

Marami ang sumusulat dito sa Protips at nagtatanong ano nga daw ba ang magagandang mga libro para magamit nila for training their people to enhance their management practice. Ano ba ang magandang libro na mairerekomenda ko. Here on Protips you have heard me refer to a lot of books and the most recent books which I have featured here are the following: The Next Generation Leader by Andy Stanley. This is a crossover book published by Church Strengthening Ministry. Ginagamit din natin ang The Etiquette Advantage by Jun Hines Moore, Rules for the Business Professional and the most recent you have also heard me refer to the book by Larry Burkett entitled Business by the Book: The Complete Guide of Biblical Principles for the Workplace. Maraming magagandang libro na pwede nating gamitin para matulungan tayo sa ating personal and professional growth. But there is one manual that you cannot do without and I highly recommend it. The manual that I am talking about and the best management book that you can consult is none other than the Bible. Yes, you heard it right - the Bible is the best management book of all. Let us look at what Proverbs 1:1-7 says. These are proverbs of King Solomon of Israel, the son of David. Proverbs will teach you wisdom and self-control and how you understand sayings with deep meanings. You will learn what is right and honest and fair. From this, an ordinary person can learn to be smart and young people can gain knowledge and good sense. If you are already wise, you will become even wiser and if you are smart, you will learn to understand proverbs and sayings as well as words of wisdom and all kinds of riddles. "Respect and obey the Lord. This is the beginning of knowledge. Only a fool rejects wisdom and good advice." A lot of you have been writing me and asking me for advice on how to be better in the workplace. I hope that you will listen to this recommendation. Make the Bible a part of your daily diet. Kung tatlong beses tayo kumakain sa isang araw to nourish our physical bodies, we also need to nourish our minds and our soul and the Bible will give us the nourishment that we need. I know of some companies who have made it a habit to read a chapter from the book of Proverbs every day. The book of Proverbs has 31 chapters, so maganda bawat isang araw we encourage our employees and our co-workers to read a chapter from Proverbs which is actually a compilation of wise sayings that we can use daily. Do you want to be wise? Do you want to be more effective in the workplace? Ano sabi ulit sa atin sa Proverbs 1:7, "Respect and obey the Lord. This is the beginning of knowledge and only fools reject wisdom and good advice." Let us learn good management from the word of God. After all God is managing not just one company, he is managing all of creations for all time. Make God your number one management consultant and make the Bible your ultimate guide to every decision and every practice that you will have to make in the workplace.

Be a blessing in the workplace today.
